Skills

Frontend: React, HTML5, CSS3, Tailwind CSS

Backend: Java, JavaScript

Database: MySQL

Core Subjects: OOPS, DBMS, Computer Networks

Projects

Emotional Analysis System Feb 2025 – Apr 2025
Python, Deep Learning, Figma

– Developed an **Emotional Analysis system** using Python and Deep Learning to identify emotions from textual or visual data.

– Designed intuitive **Figma UI prototypes** to enhance usability and visualization of emotional insights.

Smart Home Automation System Jul 2025 – Aug 2025
Java, React.js, MySQL, Figma

– Designed a **Smart Home Automation system** enabling real-time control and monitoring of smart devices.

– Integrated **MySQL** for secure data storage and efficient device management.

Internship

Web Developer Intern – Prodigy InfoTech Mar 2024

– Built and maintained **responsive web pages** using modern web technologies.

– Assisted in frontend and backend development, debugging, and feature improvements.

Software Developer – TAP Academy Jan 2026 – Present

– Developing and maintaining applications using **Java** with strong emphasis on core concepts.

– Involved in full-stack development, debugging, and feature implementation following best practices.

Achievements

– **NPTEL Certified in Distributed Systems**, gaining strong understanding of scalable system design.

– **CCNA Certified by Tekksol Global**, with solid foundation in networking concepts and protocols.

Education

DMI College of Engineering 2022 – 2026
B.Tech in Information Technology, CGPA: 8.5 *India*

Government Girls Higher Secondary School 2021 – 2022
SSLC, Percentage: 81% *India*

Khatri Matriculation School 2019 – 2020
HSC, Percentage: 88% *India*
